

Short cut to starting success business in Ukraine

Assistance & Consulting

- Would you like new business ideas to bring additional revenue?
- Do you want to start/build business in Ukraine without running into significant costs?
- Would you like to know the market and make informed decisions?
- Do you want to find the right agent/distributor/partner to work with or even the best markets to begin with?

"YesBusiness" is ideally positioned to provide a best practice market research for your business and will cover:

- General evaluation of the market structure and its volume
- Dynamics of market development and its segments
- Geography (regional structure) of the market
- Level of competition
- Distribution channel characteristics (including agent/distributor/partner contacts)
- Prices and price sensitivity
- Consumption and attitude towards researched goods (consumer references analysis)
- State regulation of the market
- Main factors leading to a successful launch
- Key strategic elements
- **Ordering Market research service before June 15th and we will include our basic business plan for FREE**

With our market research you will be able to:

- Estimate your potential market share
- Develop effective distribution
- Reach your customer
- Reduce upfront investment costs
- Increase sales and ROI

Unlike many suppliers of market research that offer a standardized products, designed for the masses, we provide individual services that are most focused on the needs of our Clients.
